

# CLEAN UP AUSTRALIA: KINGSLEY GARDENS SPARKLE!

With the clouds threatening overhead after stormy Saturday, a great group of volunteers from M.A.S.H. got to work cleaning the park. It was great to welcome Faisal, a young local who came along to assist.

With Greg leading the way, we worked in pairs with rubbish and recycling at top of mind. Under large trees and around seats and in the dip of the gardens seemed to be our primary “rubbish spots”. Ern surfaced with a full bag and Shia managed to locate two bundles of Melbourne Weekly—seems someone ran out of time to deliver them!

A great way to make a difference by banding together and working within our community.

Thanks to everyone—Murray for organising, Greg for coordinating on the day, Leonie, Ern, James, Nigel, Tony, Shia, Jenny, Roger, Joe, Graeme and Faisal.
